- **Included Accessories:** User Manual, Quick start guide, Composite video cable (Y), YPbPr component video cable, AM antenna
- **Standard Package Includes:** International Guarantee

### Dimensions

- **Set dimensions (W x H x D):** 337 x 86 x 436 mm
- **Main speaker dimensions (W x H x D):** 185 x 235 x 310 mm
- **Packaging dimensions (W x H x D):** 530 x 394 x 370 mm
- **Weight incl. Packaging:** 12 kg

### Power

- **Power supply:** 200-240 V, 50Hz

## Product highlights

### Plays DVD/CD/MP3

#### Dolby Digital Surround

Because Dolby Digital and DTS, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

### 2x30W RMS/ 1200W PMPO

### Stereo cassette deck

### AM/FM tuner

#### Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

#### Karaoke

The Karaoke feature on your DVD player provides endless entertainment and maximum audio and singing enjoyment. You can enhance your performance by adding an 'echo' effect to your voice. The key controls allows you to choose the optimal key for your personal vocal range.
